AIMIX  
CHEMICALS

Our range of Animal Care products are produced and formulated with the highest quality ingredients to help your furry friend look and smell their best.

But don't just take our word for it, our Animal Care range also contains an APVMA Approved product, giving it international credibility. Our products range from washing your pets to ensuring your pet areas smell fresh and clean.

# Product Details -

## Oat Pet Shampoo

A fabulous creamy white pet shampoo which is enriched with softening agents as well as hydrolyzed oat extract to sooth dry and itchy skin.

Leaves your pet soft & clean with a pleasant fragrance.

Directions: Spread a reasonable amount on wet body of the pet, rub gently then rinse with water.

## Orange Pet Shampoo

A high sheen shampoo for animals, which is pH balanced to suit animal skin with a pleasant fragrance.

DIRECTIONS: The coat of the animal should be wet thoroughly and an adequate amount of shampoo massaged in to create a fair amount of lather. Rinse well and repeat.

DILUTION: Apply neat, then rinse.

## Pearl Pet Shampoo Coconut

A high sheen shampoo for animals, which is pH balanced to suit animal skin.

DIRECTIONS: The coat of the animal should be wet thoroughly and an adequate amount of shampoo massaged in to create a fair amount of lather. Rinse well and repeat.

DILUTION: Apply neat, then rinse.

## Pearl Pet Shampoo Floral

A high sheen shampoo for animals, which is pH balanced to suit animal skin.

**DIRECTIONS:** The coat of the animal should be wet thoroughly and an adequate amount of shampoo massaged in to create a fair amount of lather. Rinse well and repeat.

**DILUTION:** Apply neat, then rinse.

## Odourkill

**DESCRIPTION:** ODOUR KILL is used for the removal of putrid odours from carpet and hard surfaces. Because of the many thousands of odour types, removal has always been difficult. ODOUR KILL is one of the very few chemicals available that actually combines with unpleasant odours to create a non-odour. Even rotting food, smoke, pets urine & drains can be deodorized with ODOUR KILL, leaving a pleasant, fresh aroma.

**DIRECTIONS:** Odour remover 1:5 dilution. General Cleaning: 1:10 dilutions.

## Pet Wash (Hydrobath)

A low foam pet shampoo that is suitable for Hydrobath.

**DIRECTIONS:** The coat of the animal should be wet thoroughly and an adequate amount of shampoo massaged in. Rinse well and repeat. **DILUTION:** Apply neat, then rinse.

## Viral Control

Viral Control Sanitiser is a fast acting APVMA approved sanitiser formulated to kill even the toughest of viral germs in applications such as: Poultry Sheds, Veterinary Kennels, Farm machinery & equipment, General Sanitation. Directions:

1. REMOVE ALL ANIMALS AND BIRDS.
